A. Papatsoris, Athens  
L. Tunc, Ankara  
K. Yanev, Sofia

**11.30 – 13.30**

## **Course 2**

**Chair:** A. Gözen, Heilbronn

**Tutors:** D. Djordjevic, Belgrade  
O. Durutovic, Belgrade  
M. Kuzmanoski, Skopje  
K. Yanev, Sofia

**14.00 – 16.00**

## **Course 3**

**Chair:** A. Gözen, Heilbronn

**Tutors:** T. Kalogeropoulos, Athens  
M. Kuzmanoski, Skopje  
A. Papatsoris, Athens  
K. Yanev, Sofia

## **Aims and objectives**

Laparoscopic procedures are continuously evolving in urology based on the increasing expertise of urologic surgeons. This includes ablative procedures, such as radical nephrectomy as well as reconstructive techniques, such as pyeloplasty. Since the number of centres with laparoscopic expertise is still limited in Europe, laparoscopic training programmes have become very important. Hands-on training courses at the pelvi-trainer represent one of the main steps of basic laparoscopic training.

ESU/ESUT training research board has development and validated a comprehensive program of education and assessment of the basic fundamentals of laparoscopic surgery namely E-BLUS.

Finally, all remaining questions can be answered and discussed with all tutors including the demonstration of tips and tricks
